HARDWARE

Tilt & Turn low maintenance hardware

FEATURES

THAT MAKE OUR WINDOWS

UNIQUE

OKNOPLAST TECHNOLOGY.

OKNOPLAST windows are equipped with reinforced steel, ensuring high stability of the structure. This allows you to create solid, even very large glazing. High-quality fittings will make the window will always open and close with ease, and their maintenance is very simple.

EASY CLEANING.

If you want to clean your windows, you can use the cleaning option to open the windows to the inside of the room and effortlessly clean the whole window from inside and outside. It's easy, comfortable, and also safe!

EASY OPERATING HANDLE.

You can easily open and securely close the window with only one hand. Simple and effortlessly, with no additional locks or cranks. Our windows can be fully opened inside, so you don't need to lift them up. It's much more comfortable and convenient. You just turn the handle and position the window the way you prefer.

SUN PROTECTION.

Even if we love the sun, excess sunlight at home can be discomforting for household members. This problem this can be solved by equipping the window with glazing packages of special glass with LOW E coating. Sun filtered glass reduces energy permeability, which reduces the overheating of an interior and provides comfort

IMPROVE THE LOOK OF YOUR INTERIOR

DIFFERENT SHAPE.

Round, half-round, triangular, or other. You can choose the shape you like. We tailor our windows to fit the type of architecture of the building and your preference.

rectangular double-hung

fixed styles

rectangular single-hung

trapezoid

cathedral with
extended legs

circular shapes

LARGE SIZES.

Large windows boost the aesthetic value of your home, making it possible to admire your home's interior. In addition, large openings connect your garden or terrace with your home.

SECURITY.

Three security options from basic burglary resistance up to high resistance class with multi-lock hardware, high class security glass and handle with a lock.

MODERN DESIGN.

OKNOPLAST windows are a perfect combination of elegance, modern aesthetics, and innovative technology. At first glance, you will be surprised by modern lines and a minimalist profile with sharp edges.

GLASS OPTIONS.

The available glass packages provide numerous possibilities combining safety, security, comfort, aesthetics, and style. They include modern low-emission coatings that improve the overall energy balance of the entire home and increased break-reduction tempered glass.
